Summary

A total of four newsletters and four videos will be produced in order to inform MSP-REFRAM's partners and stakeholders on the latest news and activities carried out in the project. They are released in the month following each workshop and after the final conference, in order to provide a summary of the discussions that were held at these events. The first workshop was held in Barcelona from 30-31 May 2016. Information on primary and secondary resources was presented. In addition, the current production and use of refractory metals in Europe were discussed and the entire value chain was analysed. This workshop involved all key stakeholders of the refractory metals value chain.
